We recently received Barbara Burnette's album "Workin".  
You requested to let you know if airplay was given to it.  
We've had the album for about a month and all our DJ's are  
enthusiastic about it and they are playing tracks of the album  
a lot, especially track #1 and track #8.  
Listeners are also requesting tracks of Barbara Burnette.  
So at our station the album is quit successfull.  
We hope to hear more of Barbara in the future.

Greetings,
